OPERATION ABOLITION TO BE SHOWN

The Americanism Committee of the Florence
 Eastman Post 280 of Mattapoisett will spon-
 sor a showing of this film on Friday, June
 16, at 8:15 P.M. at the Mattapoisett Town
 Hall. All persons interested in viewing this
 film are invited.

"Operation Abolition" is not a Hollywood
 production. This is a documentary film made
 up of film clips taken by the cameras of pri-
 vately owned news media in the city of San
 Francisco. This film was subpoenaed by the
 United States House of Representatives Com-
 mittee on Un-American Activities for its
 own use as evidence. Only later was it re-
 leased to the public in the interest of pub-
 lic information. Because the film has been
 so graphic and effective simply by showing
 U. S. Communists in action, they have been
 flooding the country with massive propaganda.
 This is slyly and cleverly written to inspire
 protection of the instigators of this incident
 against the exposure that this picture gives
 them. There is nothing in this film to in-
 spire any feeling among U. S. citizens except
 unity and purpose. This is informational,
 educational matter to be digested by citizens
 with open minds. Any hatred and highly charged
 emotion is an element externally introduced
 by outside influence. There is nothing in the
 picture that can not be seen and evaluated by
 rational American citizens with intelligent
 respect for facts. Statements and questions
 can be answered. This is a factual event.
 No one can deny that it took place. We can

prevent a recurrence only if we are informed on the methods used by trained Communists to form and control a mob. The picture shows the extreme patience of the Committee in the questioning of witnesses. It shows the complete contempt of the witnesses for the House of Representatives as they use the Fifth Amendment as their shield. It shows riot. It shows the leaders in action.

The Communists aim to destroy the House Committee on Un-American activities. This Committee has done invaluable work in the interest of this country. We quote from a staff consultation by the Committee on Un-American activities, May 29, 1957, in an interview with Dr. Frederick Schwarz, executive director of the Christian Anti-Communist Crusade. Dr. Schwarz, "I regret to say that, by every standard test, the Communists have been making terrific progress; and they are winning and we are losing. The Communists claim victory is certain for the following reasons: They say it is inevitable, because we are the product of our environment which has created us so intellectually dishonest, so unwilling to face the evidence, so selfish, so greedy and so intoxicated with entertainment that we will never have the honesty, the courage, or the dedication necessary to do what must be done if we are to survive."

priority in our thinking and our actions. We must build a strong base of freedom loving people articulate in their faith, in their love of country, in their love of God, in their love of home and in their love of law; and we must rally the spiritual forces in the heart of man and recruit dedicated personnel to raise barriers against Communism in every area of the world."

(We believe that Dr. Schwarz's next words are worth consideration.)

Dr. Schwarz, "The fundamental foundation of opposition to Communism is an informed public opinion and a dedicated public character."

years voyage Capt Antone T. Edwards with a
cargo of 6200 barrels of oil; the largest
voyage to her credit and perhaps the largest
in number in barrels of oil in the history of
whaling.

fit her for a whaling voyage in spite of the
decline in profits from the trade. She sailed
on August 25th, 1924 on the voyage that fate
had decreed to be her last. A hurricane drove
her on the rocks at Cuttyhunk. Although the
entire crew was saved, the vessel was a total
loss. The stout hull remained wedged on the
rocks until a second storm on Sept. 30th
broke her up.

This was the last voyage of a square rigged
whaler out of New Bedford, Mass. Her great
mast still serves to fly the flag at Ship-
yard park at Mattapoisett Wharf.

ship Circle to see and evaluate the film, "Operation Abolition", individually. It was not its purpose to sponsor a public debate. Hilltop Friendship Circle regrets that one former member saw fit to do so.

It was voted to donate 10 dozen cupcakes for a Legion occasion later this month.

It was announced that Earle D. Wilson and Mrs. Hatton would take part in a patriotic program Friday night over WNBH. Letters were read from William E. Gauthier, stationed in Korea, and from Miss Sook Ja Suh, expressing thanks for clothes sent to Duck Sung Orphanage; from U. S. Senator Benjamin A. Smith and Congressmen Keith and Dulski, regarding letters sent by the Circle to President Kennedy, expressing disapproval of the Kinzua Dam project on the Allegheny River, which would drive 800 Senecas from the lands their tribe has held for 167 years, and would break the oldest continuing treaty in the national archives, signed November 11, 1794 with four Quakers from the Philadelphia Yearly Meeting participating, upon invitation of both the Indians and the Government. The Circle's letter to the president suggested exploring as an alternative the Cattaraugus-Conewango project, which would use inferior lands, at an estimated saving of \$100,000, 000.00.

Mrs. Hatton, Mrs. Edna L. Borden and Mrs. Nettie Newell visited Miss Ransom and took

TAXPAYERS MEET

Three new members were added to the Mattapoisett Taxpayers' Association at its public meeting at the Town Hall at which time George S. White, clerk of the Mattapoisett Board of Selectmen, spoke on "The Powers and Duties of a Town Selectman". This was the first in a series of "open to the public" meetings at which town office holders will present the duties of their offices, in a manner both educational and instructive. This initial presentation by Mr. White who gave generously of his time and distributed brochures of printed material to all was a marked success.

Mr. White was introduced by Bayard Warren, program chairman. The meeting was presided over by Mrs. Marjorie L. Morris, president.

The next in this series of meetings is planned for Thursday evening, July 20th, at 8:00 P.M. at the Town Hall with the main speaker to be announced soon.

At a Board of Directors' meeting immediately following the program, Joseph Souza outlined plans for a town wide membership drive. William Spark reported for the Town Government Committee and George Monteiro for publicity and promotion. Mr. Warren, who will be host to the Board of Directors' meeting Thursday, July 6, at 8 P.M. at his home on Ned's Point Road, reported on program plans for a summer meeting, Thursday, July 20.

FRESH AIR KIDDIES NEED SPONSORS

The Wareham Kiwanis Club Inc. having sponsored the Herald Tribune Fresh Air Kiddies for the last eight years in and about Wareham have again asked persons interested in acting as hosts to boys and girls who have never lived anywhere but in tenements in New York City. These children average in age from 5 to 12 years, of all faiths, races and colors. They are carefully screened by school, church and other civic groups. All that is asked is that they be allowed to be given a genuine outdoor vacation. Medical, accident and all

Summer heat may be wearing off the glamour of a Florida vacation and turning folks to the cooler New England climate.

"It would appear that New England owes the Civil War Centennial, and Virginia, a big vote of

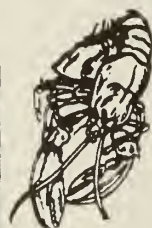

thanks. Millions of Americans will be touring the Civil War battlefields this Summer and they are, evidently, extending their trips to see what New England is like. If they are impressed favorably, they will keep coming back year after year." ALA Travel Department
